

Announcement

13 November 2023

VESTING OF OPTIONS ISSUED PURSUANT TO EMPLOYEE SHARE OPTION PLAN

RPMGlobal Holdings Limited (ASX: RUL) (the **Company**) hereby advises, in accordance with Listing Rule 3.10, 1,121,713 zero-exercise price options (**ZEPOs**) previously issued under the Company's long-term incentive plan on 12 November 2020 have, as a result of the vesting conditions attached to those ZEPOs being achieved, vested and are now capable of being exercised at the discretion of the individual employee holders.

As detailed in the announcement that accompanied the grant on 12 November 2020, the ZEPOs, operating as a long-term incentive and retention strategy for key managers of the business, had a vesting date three years after the grant, and vesting conditions requiring both continuity of employment by each eligible holder and a market-based hurdle being achieved or exceeded.

The market-based vesting hurdle attached to the ZEPOs assessed the percentage change in RPM's share price over the three-year period (measured as a VWAP (volume weighted average price) of RPM on the twenty (20) days immediately preceding both the grant on 12 November 2020 and the vesting on 12 November 2023), against the percentage change in the S&P ASX 300 Accumulated index (AXKOA) over that same period. 50% of the options vested if the percentage change in RPM's share price (over the three year period of 12 November 2020 to 12 November 2023) was at least 2.5% higher than the percentage change in the AXKOA over that same three-year period, and the remaining 50% vested if the percentage change was at least 7.5% higher than the percentage change in the AXKOA over the same period.

The vesting conditions were assessed by the Company on 12 November 2023, and as a result of the Company's share price over the relevant period (the three years from 12 November 2020 to 12 November 2023) increasing 33.78%, 9.43% higher than the corresponding change in the AXKOA over that same period, 100% of the ZEPOs issued on 12 November 2020 have vested and are now capable of being exercised at the discretion of the individual employee holders.

As at the date of this announcement, the Company's options on issue are as follows:
